- staples & stapler **OR** double-sided tape

PRINTABLE TREAT BAG INSTRUCTIONS

Print as many toppers as you need in the design(s) of your choice. Once you have your bag toppers printed, you will then need to cut them out and then fold in half. Fill your bags with candy and then using a stapler (or double-sided tape), staple (or tape) the bag toppers to the top of each bag.

These are perfect for school parties or to hand out to neighbors and friends. Super simple and so fun!
